

**SECRET**

28 OCT 1971

MEMORANDUM FOR: Deputy Director for Plans

ATTENTION :  25X1A

SUBJECT : Snow Emergency Plan 1971-72

1. Attached are 90 copies of the Snow Emergency Bus Routes for distribution to those individuals designated as critical key employees by your office.
2. The routes were constructed to serve the maximum possible number of personnel within the capabilities of the Office of Logistics. In the event a person listed as a critical key employee does not reside on or near an emergency bus route you may wish to designate a substitute. Your attention is invited to the fact that outlying areas such as Reston, Va., Woodbridge, Va., Rockville and Gaithersburg, Md., and Silver Spring, Md., are not served by the routes.
3. Every effort will be made to meet the schedules and routing in the event of activation of the plan. However, since the plan is to be activated only under extremely severe snow conditions, when public and private transportation is at a standstill, variances must be expected.
4. The designated single point of contact for your office will be notified by the Office of Logistics Emergency Control Center when the emergency bus schedule is to be activated.
